First name: Randy

Last name: Nelson

Organization: MVP Painting & Refinishing

Title:

Comments: Please keep the user created roads open that lead to campsites. Closing them would make those sites unusable as most people don't want to or can't carry in everything for their campsite over 300 feet or more. Even if they would it means leaving their vehicles at the main road making it easy picking for thieves as those vehicles would be easy to access with no witnesses up to days at a time. Please keep these roads open, my family has been enjoying these camping areas since I was a child, over 50 years.
