First name: Maurice

Last name: Colwell

Organization: WMOTA and Apache County ATV

Title:

Comments: I have provided coordination assistance to both OHV clubs, in addition to the trails I personally submitted and attempted to use the Interactive Comment Map. I did not identify my previous comments with either club, but I should have. WMOTA has over 150 members and Apache ATV has over 50 members.

Unanimously, our number one issue is for the "user created access roads" to dispersed campsites located beyond 300 ft NOT be closed to OHV travel. Our members have made other comments relative to their issues with the plan.
