Comments: I have a place in Alpine. It has been in my family for 65 years. I have paid taxes for 48 years. I served my country in the Army. The forest as is has been like this as far back as I can remember and I would like to keep it the same. I enjoy the outdoors, mules and horses, I enjoy packing into an area and camping. I enjoy being able to get off-road in my Ranger. I enjoy and appreciate the forest. I leave nothing behind and try not to drive in the ruts. I feel most people also respect the forest. I have reported things I have seen that were not appropriate.

I don't like to camp near another camp. I have a feverish dislike for compressors. I would not like to camp next to a larger road bringing me massive amounts of dust. Creating areas by these roads is a waste of time and money. I don't feel there is a need to close any roads, except maybe in winter.

Money would be better spent on a small tractor and maybe some fill if needed to smooth out some of these roads so there are no ruts. Plan 2 would cost a lot of money and in my opinion impossible to enforce. I am totally opposed to plans 2 and 3 and vote to keep plan 1.
