Comments: To whom it may concern,
I oppose the proposed logging expansion into the Tongass National Park. The deforestation and disruption of ecosystems will irreprably damage one of our national treasures and set precedent for future attacks against our national inheritance.
"There is nothing so American as our national parks The fundamental idea behind the parksis that the country belongs to the people, that it is in process of making for the enrichment of the lives of all of us."~ Franklin D. Roosevelt
"The forest has shrunk
And fear has expanded,
The forests have dwindled,
There are less animals now,
less courage and less lightning,
less beauty
and the moon lies bare,
deflowered by force and
then abandoned."
? Visar Zhiti, The Condemned Apple: Selected Poetry
