First name: John
Last name: Neville
Organization: Sustainable Arizona/Giving Is Living Fund
Title:
Comments: We urge the agency to follow Alternative 1 which takes no action and would leave all of Alaska under the 2001 Roadless Rule, including the Tongass National Forest. In Brazil, we have seen what happens to development of rainforests. The Tongass is too valuable in its natural state to allow development on any nature to occur within its borders.
