First name: Julie

Last name: Twichell

Organization:

Title:

Comments: As an urban dweller I have treasured the opportunity to visit the forests of Alaska. The Tongass National forest is a natural gem that is critical in protecting breathable air and the indigenous people who live there. Without it our experience, and that of future generations, is forever changed.

Please protect the Roadless Rule! Listen to what the public overwhelmingly supports and not to the corporations who want to destroy our forests.
