First name: Dianne

Last name: Maughan

Organization: Aldo's Silver City Great Old Broads for Wilderness

Title: Co-Leader

Comments: Aldo's Silver City Broadband, Great Old Broads for Wilderness, is writing in support of the request by NM environmental organizations for a 30-day extension for public comment on the Northern New Mexico Riparian, Aquatic and Wetland Restoration Project.

Great Old Broads for Wilderness is a national grass-roots organization, led by women, dedicated to protecting and preserving wilderness and wild lands. Our local group would very much like to comment on the above project in coordination with our sister organizations.

The additional thirty days would make it possible for us to do a thorough review of the scoping document and submit appropriate comments.

Thank you for the opportunity to work with you on this important process.
