First name: Tracey

Last name: Bonner

Organization:

Title:

Comments: I hope you choose to not destroy your beautiful State in the name of simple Greed. I was fortunate to visit Alaska and enjoyed the pristine and majestic scenery along with the Wildlife that lives there in peace.

Please, no more roads for needless drilling and destruction. American citizens, 95% of us, want to see untouched, amazing beauty. No more clear cutting, no more drilling and no more killing of OUR WILDLIFE.
