First name: Mary

Last name: Moore

Organization:

Title:

Comments: My comment/vote is for Alternative 1. This is the only choice that works for the planet and the public. Do your job and keep public land safe! Rich people don't need to be made richer! And, you can kiss the tourists goodbye if all they would see is dead forests and oil rigs, etc.

Alternative 1 takes no action and would leave all of Alaska under the 2001 Roadless Rule, including the Tongass National Forest.
