First name: Mrs. D.

Last name: Moore

Organization:

Title:

Comments: Keep the Tongas and all roadless forests roadless - leave them alone! Please do NOT allow roads or logging. This beautiful forest belongs to all Americans, not just to logging companies. We are tired of seeing this administration destroy the beauty of our wild lands and animals. Once destroyed this is all gone forever. Preserve all of this and do not log. Do not add roads.

Thank you.
