Comments: I heard about these possible closures on a website that I frequently visit and I'm very discouraged to hear of these trail closures. We, my family and I, live in NY and are planning a summer trip to go visit some of the tails that are on the list. We hope to find out more news before summer so we can plan a different location if these do get closed. I feel that these closures will do more harm to your community than good. I hope this plan will be reconsidered.
