Comments: Please consider leaving as many trails as possible open to offroad / 4x4 enthusiasts. We are a growing market/segment and willing to spend money time and effort enjoying the outdoors and maintaining the trails we enjoy. Unfortunately many places where we could formerly enjoy this outdoor pastime are closing or reducing the available trails. Having just recently come to this hobby myself I am sad to see places close that I will never even get to experience. Previously I paid my annual dues to the national and state parks and enjoying hiking and fishing, and primitive camping, but now that I'm older, I have discovered that I can still get outside, and see natural American beauty, wildlife, and wonderful views, but through 4x4 trails rather than backpacking. Please keep this option available for people like me.

Thank you

Sam Herren
