Comments: Custer Gallatin NF,

I am writing this letter in opposition to the land swap of sections 4 & 8 (Township 2 N., Range 11 E.) for private land sections 11,13 and 21 (Township 3 N., Range 11E.)

Our family has been using the trails through sections 4 & 8 for generations to access the Custer Gallatin NF, these sections offer pristine habitat for us to enjoy the outdoors, trading it off for sections 11,13, and 21 that do not hold near the recreational opportunities to our families is not in the best interest of the public. Please stand up for the people on this the swap is not in our best interest.

Thanks

Casey Wilson
