Comments: Comments to oppose modification to the Roadless Rule

Dear U.S. Forest Service,

Teddy Roosevelt set-aside the Tongass, the largest temperate rainforest in this world, in 1902. It is named for the Tongass group of the Tlingit people. This place is ancient to their place in this world; this place restores for us in a moment, without words or encouragements - awe.

You are logging it with our money, \$30M to subsidize the destruction of the irreplaceable. Ending all logging is the one truly human action to be taken; to encourage the expansion of logging is the act of the monstrous aspect of human nature.

I urge you to select the "No Action" Alternative (Alternative 1) and allow the Roadless Rule to remain intact on the Tongass National Forest.

Sincerely,

Mike Serruto
