First name: Susan

Last name: O&#39;Connell

Organization:

Title:

Comments: I've had the privilege of going to Alaska twice. It is truly the most beautiful place I've ever seen.

Please keep this state as free from development as you can. It is a national treasure. As we all know, roads through an ecosystem lead to further use of that area and lead to its moving away from being natural. Please don't do that to one of our best remaining treasures.
