

Data Submitted (UTC 11): 10/20/2019 8:00:00 AM

First name: Wes

Last name: Tuveson

Organization:

Title:

Comments: Please please do not consider this beautiful place for logging! Our poor earth is going through a lot of trouble right now with the melting of the glaciers all the wild fires and tornadoes! With the Amazon burning that was a huge portion of our oxygen we cannot have anymore of it taken away! Wes Tuveson
