Comments: Please do not proceed with the South Crazy Mountain land exchange #56687. It will essentially cut off access to thousands of acres of public land in the southern portion of the Crazy mountains. The only public that will access the lakes will be people on horseback. Keep sections 4 and 8; then purchase 33 and 3. You're essentially trading lower easier to access terrain for steeper more rugged terrain. The exchange does the opposite of what the public needs. Thank you.
