Comments: I am opposed to the south crazy land transfer, not in it entirety but as it pertains to sections 4 and 8. I utilize one of these sections for recreation and its transfer to private would be such a disappointment. I am a public land sportsman and we are all funneled to specific access areas in this region, if you take them away it is going to decrease our opportunity by more than some may realize. It is already frustrating enough enjoying our "vast" public land with all the crowds, don't take this away and further concentrate/funnel the public in this area.
