Title:

Comments: I am against the south Crazy Mountains land exchange proposed #56687. This is some of the prime jewel of a hunter and outdoor recreation in the southern Crazy Mountains. I have hunted this Mountain range for years, my family in Roberts and Molt MT hunt there every year with there kids and grand kids, please leave this land in public hands, not private enterprises to exploit and stop public access to some tremendous country thank you for having a comment period for us Montana folks
