Title:

Comments: I vote we keep these roads open because off-roading and exploring is my go to hobby now in my life as I'm getting older and depending on a vehicle to take me places is becoming more and more needed. I have yet to discover some of the passages that are on the docket to be closed and would be heart broken if I, or my children, can never have the opportunity. Arizona is amazing and should stay open for people to see that.
