Comments: I have reviewed the proposed road and trail closure maps. These roads and trails are essential to the hunting and recreational populous. Closing these areas to motor vehicles would not only devastate the entire outdoor community, it would cut off a huge income supply to the White Mountain Area. Hunters, campers, recreational motorsport rides... ect. Bring millions of dollars in revenue to Payson, Heber-Overgaard, Show Low and Pinetop-Lakeside. Cutting off the supply chain would kill growing businesses. It would halt expansion plans for Fire, EMS and Police Departments. It would take all of the growth and progress seen over the past few years and extinguish it. I absolutely refuse to agree to shutting down the roads and trails outlined in these maps for any length of time.
