First name: John

Last name: Bennett

Organization: CMLUA

Title: President

Comments: These comments are from Citizens for Multiple Land Use and Access concerning the USFS Proposed TMP.

1. Retain the ability to reference all 4587 comments submitted by CMLUA in 2007
2. We have grave concerns about the TMP's effect on our local economy.
3. We have grave concerns about the social impact of TMP on our communities.
4. We have great concerns about TMP adding to our wildernesses.
5. We have great concerns about TMP hampering our ability to gather firewood.
6. We strongly disagree with TMP's actions on limiting our dispersed camping opportunities.
7. We are opposed to TMP regulating the the distance we can travel to retrieve our big game.
8. As a legal Arizona corporation started in 2006 for the sole purpose of retaining our rights to the forests, we expect multiple seats on the ID or IT team.
9. We are very happy with what we had before the existence of TMR-TMP or the Forest Service in general!

Signed: President and Vice President CMLUA
