Comments: Please choose the TAKE NO ACTION option, instead of removing any protections for this National Forest area! I loved living in Alaska and feeling like it was a remaining, unspoiled wilderness. Don't turn it into the lower 48! Exempting this area from the Roadless Rule is irresponsible and greedy. The State government is run by money-grabber politicians who pander to timber companies. It's not their land to sell; it's mine, and I don't want it logged.
