Comments: I oppose the proposed land swap (Sections 4 and 8 for sections 11, 13, and 21). This swap would limit/terminate the ability for many groups who are already using these public lands that are rich in opportunity for hunters, anglers, camping, hiking and a number of other activities. These activities are an important part of Montana's heritage, and what makes this state one of the most attractive in the nation for it's residents, and non-residents alike.
