Title: Associate Campus Minister

Comments: Our organization rents this camp facility for our teen summer camp and college weekend retreat.

The camp facility is very rustic and the camp board works hard to make sure we leave nothing but footprints and take nothing but memories and pictures. We introduce teens and college students of all backgrounds to the beauty and awesomeness of nature. Countless students have been positively impacted by their experiences at the Mt Graham Bible Camp. Our organization is strongly in favor of the permit being renewed as is so that we can continue to teach more students about the beauty of nature.
