Comments: I have been attending the Bible Camp on Mt. Graham for over a decade. My mother and her siblings went to this camp when they were kids and when I was old enough to go my mom took me there even though we lived in Wyoming. My grandparents and their peers from Oslo Verde church of Christ in Tucson helped build that church and remodel and maintain it. I myself have voluntarily helped remodel and main the camp site including its water tanks, infrastructure and more in the last 5 years. This camp has allowed me to make connections I wouldn't of been able to otherwise at a young age. The people who come to this site are very respectful to nature and understand that the area belongs to nature and we don't trash or vandalize it in anyway. I plan on taking my kids here and continue to give my aid and support to those who work it every summer. This camp isn't like any other. The drive up is unique, the site is amazing with cabins and a mess hall and bathrooms. Everyone who had gone to this site has a personal connection to it. Please consider renewing our permit.
