Comments: To Whom it may concern. I would like to voice my support for Kensington s Plan of Operations Amendment 1#55533. This amendment would increase the mine life by another 10 years and also provide much needed jobs for the communities in Southeast Alaska.As a resident of Haines and Former Mayor I have seen how projects of this scope can have a significant positive affect on our community.I also believe Coeur Alaska has shown to be very responsible stewards of our land.They have also shown to be very environmentally responsible.So I would strongly urge you to grant them the Amendment they are seeking. Thank You Jerry Lapp
