Comments: I too appreciate the efforts by the Custer-Gallatin NF to consolidate public lands. We understand the challenges of managing the Crazy Mountains with its many private inholdings and public access disputes. However, I do not support the entirety of the current South Crazy Mountain Land Exchange proposal.

Specifically, there are two sections of public land on the trading block that would be significant losses to the public if forfeited and we oppose trading them within the context of the current proposal.

Thank you for your time.
