Comments: I am writing to voice my opposition to the proposed land exchange. Particularly, I oppose giving up sections 4 and 8, which currently have legal public access, hold deer and elk, and a native cutthroat trout fishery within Rock Cr that flows through the property. These are high value sections that the public currently enjoys using. To trade them away for two remote lakes that would be barren without artificial stocking, and a pile of rock called Idiot Peak, is not acting in the best interest of the public.

Please reconsider this portion of the swap.
