Comments: I am a member of Backcountry Hunters and Anglers and I am writing to say that I 100% support the comments that BHA has already shared with you. I don't want to waste your time reading me write the same comments in a different way. So, I will just succinctly reiterate that I am thankful for your partnership in this and I support the land swap with the exception of section 4 & 8 for sections 11, 13, & 21 for all the reasons that they wrote.

Thank you for your time!
