I *support the No Action Alternative for the Draft Environmental Impact Statement* [Text underlined for emphasis] on the proposed *Alaska Roadless Rule* [Text underlined for emphasis]. The Tongass contains some of the largest intact old-growth temperate rainforest in the world, and its value in providing clean water for fish and wildlife habitat is essential to the economic and ecological health of Southeast Alaska. I *strongly oppose any efforts to weaken protection for Roadless [illegible]* [Text underlined for emphasis] in the Tongass National Forest.
