Comments: Trees For Healthy Citizens Keep 'Roadless Rule' Protections

Dear U.S. Forest Service,

Forests contribute to the health of our citizens. I'm sure you know the science, the impact on the environment and just as important, the negative mental impact of seeing forests and habitat for animals destroyed.

I strongly oppose the Forest Service's plan to eliminate "Roadless Rule" protections for the Tongass National Forest and urge you to select the "no action" alternative instead.

Please [mdash] think of future generations by selecting the "no action" alternative to maintain "Roadless Rule" protections for the Tongass and Chugach.

Sincerely,

Lena Gallitano

Raleigh, NC 27609
