Comments: Are you kidding? Eliminate Roadless Rule in Tongass?

Dear U.S. Forest Service,

I often wonder whose side the Forest Service is on when you try to do things like eliminate "Roadless Rule" protections for Tongass National Forest. It should be more than obvious this is the wrong thing to do for one of our few remaining wild forests.

If it's not broke, don't "fix" it. No Action is what is called for here.

Really, open this pristine forest to clearcutting and logging?

NO, NO, NO!!!!!!!!!!!!!!

The same is true for Chugach National Forest.

Forests are designated "Roadless" to protect these forests for wildlife, protecting pure water, and remote recreation.

NO ACTION, Please.

Sincerely,

Rona Fried
