Comments: Choose Alternative 1 for removal of the Tongass from the 2001 Roadless Rule

At a time when we are in an almost irreversible climate crisis, we MUST preserve our forests from future development. This request to remove Tongass from the 2001 Roadless Rule is GREED pure and simple.

It is time we list to the screaming children, grow up adults, the time is NOW to take a stand for the planet. Without nature we have no hope of survival, let alone having a strong economy.

Choose Alternative 1 for the question of removal of the Tongass from the 2001 Roadless Rule. NO CHANGE to this most important preservation of the rainforest which is critical to our ability to have fresh air to breathe, fresh water and preventing more mass extinction.

Thank you,

Jill Dreves
