Comments: Please maintain protections for the Tongass and Chugach National Forests

Dear Secretary Sonny Perdue,

The Tongass has been used by people to fish for salmon which is a very lucrative business (986 million dollars) A big problem arose that the Dept. of Agriculture Service started cutting down trees in the forests. This logging business is going to change the environment, ruining the ability for fish and leaving people poor.

I hope these areas will be protected for now and the future.

Thank you.

Sincerely,

Florence Lange

Sincerely,

Florence Lange
