Comments: Comments to oppose modification to the Roadless Rule

Dear U.S. Forest Service,

Please help protect the unique beauty of the Tongass National Forest. Now more than ever before, our wild and natural areas are under attack. We need to preserve them for future generations and for the sake of our planet's health.

We must stop opening more and more acres to the timber industry and instead bolster protections to the old-growth forests and wild areas on the Tongass. I respectfully urge you to select the "No Action" Alternative (Alternative 1) and allow the Roadless Rule to remain intact on the Tongass National Forest.

Sincerely,

Melissa Larry
