Roadless Rulemaking,

RE: Alaska Roadless DEIS Comment

Dear Secretary Perdue:

Reaching out to you to voice my support of the No-Action Alternative for the Draft Environmental Impact Statement on the proposed Alaska Roadless Rule, Alternative #1.

Keeping the present Roadless Rule protections in place has been working, and i see zero reason why they should be weakened in favor of ...corporate profit margins.

The "value" of the Tongass National Forest is the untamed wild nature, the clean water, and clean air, which support a multitude of Wild Life.

Wild places are not just "Land waiting to be mined". They are actively being used by the thousands of wildlife thriving in its span.

I call upon your office to please keep the federal Roadless Rule intact and current protections in place for national forests in Alaska.

Keep The Roadless Rules.

Keep Alaska Wild.

Thank you for your time & consideration in this matter.

K Christopher
