Comments: Don't destroy America's largest national forest

I urge you to select the "No Action" alternative on the Alaska-specific Roadless Rule. The sweeping changes the administration is promoting would completely remove the Tongass National Forest from roadless protections.

An overwhelming majority of public and stakeholder input favored either maintaining roadless areas or making small modifications.

I strongly urge the Forest Service to select Alternative 1, the "no-action" alternative.

Thank you,

Debra Lono
