Comments: Keep 'Roadless Rule' Protections for the Tongass National Forest

Dear U.S. Forest Service,

I strongly oppose the Forest Service's plan to eliminate "Roadless Rule" protections for the Tongass National Forest and urge you to select the "no action" alternative instead.

I have visited Alaska and am amazed by the beauty of the land. I want my grandchildren to experience this also. The trees in the Tongass are a valuable resource we need - and we need them alive, standing tall for years into the future.

Please [mdash] think of future generations by selecting the "no action" alternative to maintain "Roadless Rule" protections for the Tongass and Chugach.

Sincerely,

Tamara Hutchinson

Creston, NC 28615
