Comments: Please maintain protections for the Tongass and Chugach National Forests

Dear Secretary Sonny Perdue,

Please maintain protections for our Tongass and Chugach National Forests of Alaska.

The Tongass produces on average 28% of Alaska's annual commercial salmon catch and 25% of the entire west coast annual harvest! The Forest Service estimates that the salmon industry generates \$986 million annually.

The forests sequester significant amounts of carbon and also keep asthma rates lower in children and adults.

Sincerely,

Louise Brooke

Boulder, CO 80304
