Comments: Comments to oppose modification to the Roadless Rule

Dear U.S. Forest Service,

Why support forest industry at expense of God's creation? One is temporary the other is eternal. The loss of old growth forest has ripple effects that never end- so does protecting our old growth forests from short term financial growth. Fighting for the ones who can not speak to defend themselves is worth is priceless.

Please do not harm the plants, trees and animals in our Tongass National Forest!

Sincerely,

Julia Beckley
