Roadless Rulemaking,

RE: Alaska Roadless DEIS Comment

Dear Secretary Perdue:

I am writing to support the No-Action Alternative for the Draft Environmental Impact Statement on the proposed Alaska Roadless Rule, Alternative #1. I support keeping the current Roadless Rule protections in place and intact for the Tongass National Forest. I urge you to keep the federal Roadless Rule intact and current protections in place for national forests in Alaska.

Furthermore, I strongly object to your plans to reduce and remove protections from our national forest[s] roadless areas. The Roadless Rule is one of the smartest and most popular land management policies the Federal Government has ever adopted.
