Roadless Rulemaking,

RE: Alaska Roadless DEIS Comment

Dear Secretary Perdue:

I am writing to support the No-Action Alternative for the Draft Environmental Impact Statement on the proposed Alaska Roadless Rule, Alternative #1.

Changing the Roadless Rule is suicidal insanity. We're on the verge of a tipping point for existence as we know it on earth and we need the Tongass Nat'l Forest intact to survive our climate crisis.

Please think of our children and our children's children - how disrupting the forest will affect them: Will there be any livable earth left for them?
