Comments: Fee increase proposal

Dear morons,

Do not try and increase fees for camping. Not only is it completely impractical for families, it's blatantly classist.

Having to pay to camp is unAmerican anyway, but we already pay for passes and park fees throughout the Cascades and PNW. It is too much for struggling families that can't afford amusement parks that try and take their kids outdoors.

Pass increases like this and people will revolt and replace your dumbasses.

Brian Henderson, a voter and single father of six daughters.
