Comments: ATTN: Recreation Fees

Hello:

I want to express my concern per adding fees to enter the Mt. Jefferson, Mt. Washington and the Three Sisters Wilderness area.

As a lifelong user of these areas, I'm born and raise in Eugene/Springfield, I find it ironic that these fees are being considered. The money delegated to fire fighting alone is massively larger than these fees will even raise. Another concern is that the fees are based on "Per Person". If fees are needed then perhaps fees are to be imposed on "Dogs", Horses, Boats, etc. as all of these created much more impact than "persons".

I am adding my name to opposing these fees and then getting the additional "violation" per online fees!
