Comments: Fees

I vote no to these fees. \$3 per person? Family of 6 = \$18. + \$6 for fees. \$24.

Now add gas. Other parking fees (I am sure there will be some), and if they want to visit multiple in a day (yes it can be done), the cost goes up.

Now you need to add enforcement officers. Now the fees aren't enough so we raise more fees.

Very quickly you are making this something few can afford, even mid-income families.
