Comments: Permit fees

Is it governments job to create criminals out of tax paying citizens?

I already pay Federal taxes to support my public lands. I also pay Pittman Roberts taxes as well. Now you tell me I have to pay a fee every time I go for a hike? Not going to happen.

Our forests would likely not be overused had the people responsible to protect and maintain them, allowed them to burn to the ground. Forcing more and more people into fewer unburnt areas.

Ben Ehrenstrom
