Comments: proposed fees central cascades

I don't think it's out of line charging adults for access, but to charge for kids seems a little unfair. It's hard enough as it is to convince most kids to go hiking, and now we're going to have to pay for them to join us too?

I'm a little confused why it costs \$5.00 processing fee for an overnight permit whereas it's \$1.00 for day access.
