Comments: permits for jefferson park and sisters wilderness

Good morning.

I am a resident of Camp Sherman and one of the main reasons I live here is for trail access.

The permitting process concerns me. Will I now have to pay \$40 per week to enjoy the trails in my backyard? Trails I can easily drive to in 20 minutes or less. Trails I currently can decide the day of, depending on weather conditions, where I want to go?

I am curious if the Forest Service would consider a locals pass, for residents of certain zip codes? Or if certain days of the week, locals don't need a pass?

Is the Forest Service interested in building community with the locals?

Please let me know if there are other venues to voice concerns publicly.

thank you!

Sarah
