Comments: Recreation pass

I'd like to throw my two cents in on the recreation pass. I absolutely agree it's necessary to thin the crowds at our most popular trails for the sake of the fauna, flora, and for the enjoyment of people using the trails. But I'd ask that there be a pool of passes specifically for local Deschutes County residents to obtain so we don't have to compete with the throng of tourists.

Best Regards,

Julianne Tiegs
